

Full Stack Web Developer Internship Job Description Overview

Join our innovative Full Stack Web Developer Internship, a 5-month program designed for students and recent graduates passionate about building and maintaining web applications to support community initiatives. This part-time, hybrid role offers the flexibility to work remotely or on-site in Pune and Mumbai, providing hands-on experience in front-end and back-end development. No prior full stack development experience is required, as comprehensive training in web development technologies, frameworks, and tools will be provided under the mentorship of experienced professionals.

Program Highlights

- Duration: 5 months, with the first 2 months unpaid and a stipend (₹9,000–₹13,000/month) for the remaining 3 months; extension possible based on performance and project needs.
- Type: Part-time (15–20 hours/week, flexible schedule to accommodate academic commitments).
- Location: Hybrid (remote with occasional on-site work in Pune or Mumbai, requiring a reliable internet connection for remote tasks).
- Mentorship: Personalized guidance from seasoned full stack developers with regular feedback sessions.
- Training Provided: No prior skills required; comprehensive training in HTML, CSS, JavaScript, Node.js, React, and database management.
- Hands-On Projects: Contribute to real-world web applications, including community-focused platforms and tools.

Key Responsibilities

As a Full Stack Web Developer Intern, you will:

- Assist in designing and developing responsive front-end interfaces using HTML, CSS, and JavaScript frameworks (e.g., React).
- Support the development and maintenance of back-end services using Node.js, Express, or similar technologies.
- Collaborate with the team to integrate front-end and back-end components for seamless web application functionality.
- Work with databases (e.g., MongoDB, MySQL) to manage and store data for community initiatives.
- Create and update documentation for code, APIs, and project workflows to ensure clarity and maintainability.
- Assist in testing and debugging web applications to ensure performance and reliability.
- Support the deployment of web applications and updates for community platforms in Pune and Mumbai.
- Contribute to user feedback analysis to improve web application features and usability.
-

Learning Opportunities

Under expert mentorship , you will gain:

- Front-End Development:
 - Master building responsive and user-friendly interfaces with HTML, CSS, and JavaScript frameworks through training.
 - Learn to implement modern UI/UX design principles for community-focused platforms.
- Back-End Development:
 - Gain experience in developing server-side logic and APIs with Node.js and Express.
 - Learn to manage databases and ensure secure data handling for web applications.
- Full Stack Integration:
 - Develop skills in connecting front-end and back-end components for seamless functionality.
 - Optimize web application workflows for performance and scalability.
- Digital Tools:
 - Build proficiency in development tools (e.g., Git, VS Code, Postman) and frameworks with training.
 - Learn to use cloud platforms or deployment tools for hosting web applications.
- Career Development:
 - Receive personalized mentorship to guide your growth in full stack development.
 - Build a professional portfolio showcasing contributions to web development projects.

Required Skills and Qualifications

We welcome candidates passionate about web development. No prior skills are required, and training will be provided.

- Technical and Communication Skills:
 - Basic understanding of programming or web development through coursework, projects, or self-study.
 - Willingness to learn front-end and back-end technologies through provided training.
- General Skills:
 - Strong attention to detail for writing clean, maintainable code and debugging.
 - Excellent communication skills for collaborating with developers and stakeholders.
 - Proactive problem-solving abilities and a self-motivated attitude toward learning.
 - Ability to work independently and collaboratively in a hybrid team under mentorship.

Requirements

- Current enrollment in computer science, information technology, or related fields at an accredited institution.
- Availability for 15–20 hours per week with a flexible schedule.
- Access to a reliable internet connection and a computer capable of running development tools (e.g., VS Code, Node.js).
- Willingness to travel occasionally to Pune or Mumbai for on-site project meetings or deployments.

Preferred Qualifications

While not mandatory, these qualifications strengthen your application:

- Personal or academic projects in web development (e.g., building a website, app, or API). Basic familiarity with HTML, CSS, JavaScript, or any programming language. Exposure to version control systems (e.g., Git) or development frameworks through coursework or self-study.
- Familiarity with remote collaboration tools (e.g., Slack, Trello, Zoom).

Who Should Apply

- Students: Undergraduates or postgraduates in computer science, information technology, or related fields eager to gain experience in full stack web development, with no technical background required.
- Freshers: Recent graduates passionate about launching careers in web development, with training provided to bridge skill gaps.

Work Environment

- Collaborative Culture: Join a supportive, inclusive hybrid team fostering creativity and continuous learning in web development.
- Mentorship: Receive one-on-one guidance from experienced developers to accelerate your skills, with tailored training.
- Real-World Impact: Work on web applications supporting community initiatives in Pune and Mumbai.
- Flexible Arrangements: Hybrid work (remote with occasional on-site tasks in Pune or Mumbai) with a flexible 15–20 hours/week schedule.
- Duration and Compensation: 5 months, with the first 2 months unpaid and a stipend (₹9,000–₹13,000/month) for the remaining 3 months; extension possible.

Benefits

- Hands-On Experience: Gain practical skills in front-end and back-end development, with comprehensive training.

- Mentorship: Learn from experts in full stack development, with personalized feedback. Portfolio
- Development: Build a professional portfolio showcasing contributions to web development projects.
- Academic and Career Support: Earn academic credit (subject to approval) or reference letters for academic and professional advancement.
- Networking: Connect with web development professionals, opening future career opportunities.

How to Apply

Take the first step toward a rewarding career in full stack web development! Our three-stage selection process ensures we find passionate candidates:

1. Application Submission: Submit your resume, along with any relevant project portfolios or links to work (e.g., websites, GitHub repositories) to support@rbcurexia.com.
2. Assessment Task: Complete a short task on web development (e.g., building a simple webpage or API) to demonstrate your abilities (no prior skills required; guidance provided).
3. Interview: Participate in a virtual or in-person interview to discuss your skills, passion, and fit, with opportunities to learn more about the role.

Apply today to gain invaluable experience in full stack web development, with all necessary training provided, and contribute to impactful community solutions in Pune and Mumbai!
